

# GOKUL MALLABATHULA

6303246108      Gokulmallabathula@gmail.com      Vijayawada, India

## SUMMARY

Motivated Computer Science student seeking a **Software Engineering Intern** role to apply problem-solving skills, Python programming, and foundational software development knowledge in real-world projects.

## SKILLS

- Programming : Python, Java
- Web Development : HTML, CSS, Flask (Intermediate)
- Databases : SQL, SQLite
- Data & ML: Pandas, NumPy, Exploratory Data Analysis (EDA), Machine Learning (Basics)
- Tools : Git, GitHub, Jupyter Notebook

## PROJECTS

- Vehicle Parking Management System – Flask, SQLite
- Price Prediction - Regression model for car price estimation
- Disease Classification- Classification model for Heart Disease prediction

## EDUCATION AND TRAINING

- **Bachelor of Science: Computer Science**

VIT AP University | Amaravati | Expected in Aug 2028

CGPA : 8.03

- **Generative AI Workshop – IIT Hyderabad**

Introduction to LLMs, prompt engineering, and GenAI applications

## LANGUAGES

- English
- Telugu
- Hindi

## AWARDS & HONOURS

Shortlisted for Smart India Hackathon (SIH) Internal Hackathon 2025

## EXTRACURRICULAR / ACTIVITIES

- Member of the Data Science Club
- Active learner in software development and data science
- Regularly building and improving projects on GitHub
